OBJECTIVE

Highly adaptive Computer Engineering graduate with specialization in Software Engineering, aspiring to pursue a career in web design. Dedicated to merging coding expertise, design aesthetics, and a user-focused mindset to craft visually engaging and responsive websites catering to diverse audience needs.

SKILLS

Programming: HTML, CSS, JavaScript, SASS

Libraries & Frameworks: React.js, Redux Toolkit, Bootstrap, Materialize CSS, Tailwind CSS

Tools & Platforms: Figma, Git, GitHub, Netlify, Vercel, Webpack, Babel, Firebase

Also Familiar with: Python, Java, PHP, T-SQL, C++

EDUCATION

Bachelor of Science in Computer Engineering with Specialization in Software Engineering

De La Salle University - Dasmariñas, Philippines

Graduation Date: Sep 2022

WORK EXPERIENCE

MTL Holdings Inc.

Web Developer Intern

- Designed and developed a prototype website for the company, showcasing a blend of creativity and technical expertise.
- Collaborated with the General Manager to create engaging web content that effectively portrayed the company's mission, vision, values, and proven experience with clients in the industry.
- Executed both web design and development duties, seamlessly integrating coding skills to bring the design to life.
- Utilized **HTML**, **CSS** with **Materialize CSS** framework, and **JavaScript** to develop interactive features for the prototype website and **Figma** for the web design, resulting in a user-friendly experience and visually appealing web pages.

PROJECT EXPERIENCE

Personal Website

<https://naveraraycia-portfolio.vercel.app/>

- Designed and developed a website showcasing web projects I have deployed along with general personal information about me such as profile statement, skills, education, and contact information.
- Technologies & Tools:** React JS, TailwindCSS, daisyUI, Figma

Web Design Portfolio

<https://naveraraycia-web-design-portfolio.vercel.app/>

- Designed and developed a web design showcase platform, highlighting a variety of my original designs with accessible links to associated Figma files.
- Technologies & Tools:** React JS, TailwindCSS, Figma

Aesthetica

<https://aesthetica.vercel.app/>

- Designed and developed an architectural firm website UI that showcases the company's projects and designs along with the team and client engagements.
- Technologies & Tools:** React JS, Bootstrap, SASS, Figma
